# TAX REFORM

(from page one)

reform, particularly to making all high-income recipients pay some sort of tax.

Allying to a Treasury Department report that 155 tax returns showing incomes in excess of \$200,000 resulted in no tax payments, Byrnes said:

"No matter by what device, no matter how laudable the nature of the deduction or exclusion that produces this result, the fact remains that there is no justification for these individuals being nontaxpayers."

Ways and Means chairman Wilbur D. Mills, D-Ark., cautioned newsmen not to expect a radical tax code revision this year.

But he added if the hearings disclose particular areas in need of change, the committee might go ahead with legislation on these without waiting for a full overhaul.

Among other subjects to be studied are a number of particular interest to average taxpayers.

One is the possibility of broadening the standard deduction, now limited to 10 per cent of income with a ceiling of \$1,000 deducted, so that more taxpayers would be spared the chore of itemizing and justifying deductions.

Another is the complaint of single persons that they are discriminated against, because married couples and other heads of households enjoy income-splitting advantages.

Another tax reform recommendation came Wednesday from a private, nonprofit research organization of business and professional leaders.

The influential Committee for Economic Development said legislation is needed to give the President power to raise or lower taxes by up to 10 per cent, subject to congressional veto.

The CED said this would allow the president a flexible, faster-acting tax mechanism than now available to combat inflation and recessions.

# Snow, Rain Across the Nation

By THE ASSOCIATED PRESS

Snow and freezing rain hampered travel in many northern states today and closed schools and curtailed business activities in parts of the west.

Fog and rain produced additional motoring hazards in the Midwest, the lower plains and the South and continued downpours brought flood threats to Indiana.

Hardest hit by heavy snows were the Pacific Northwest, portions of the central Rockies and the northern Plains. Bitter cold weather worsened the hardships in the Northwest and in parts of the plains.

Schools in many areas of western Oregon remained shut down today.

Freezing rain glazed highways in parts of the great lakes region and extended eastward to New York for the second day in a row.

Blizzard conditions lashed the Columbia gorge and sections of Oregon. State police closed an interstate highway for a time because of a 12-car pileup and decreased visibility.

Loggers unable to get into woods because of deep snows left many lumber mills without logs. Other businesses suffered similar problems as customers simply stayed home rather than venture into the snow and cold.

Washington Gov. Dan Evans declared a state of emergency in his state's Mason County, buried under 40 inches of snow. In some places, National Guardsmen used special snow vehicles to deliver food to isolated farm families in Okanogan County, in north-central Washington, where a similar emergency existed.

Stockmen in west-central Oregon and in Washington expressed concern for cattle and sheep stranded in deep snows which have continued to mount in severe cold which has remained anchored over the Northwest for days.

Indiana rivers and streams flooded hundreds of acres of bottomland as mounting ice jams dammed up accumulations of rain and meltin snow. Communities affected included Lafayette, Fort Wayne and Elkhart. State Police delivered sandbags for volunteers to try to keep water out of homes in the Elkhart-Bristol area.

Temperatures which have held below zero in Montana for two weeks brought more subzero cold to adjacent sections of Idaho, Washington and Oregon.

The mercury edged up to -23 at the north-central Montana city of Havre at midday Wednesday, then toppled to -42 at midnight.

Ten inches of snow piled into the northern Utah and southern Idaho area before noon Wednesday. Many schools gave pupils an unscheduled holiday because of hazardous road conditions and drifts up to 4 feet deep. More snow was expected today.

Six-inch snows coated northwestern Iowa and much of southern Minnesota before midnight Wednesday. Freezing drizzle was an added hazard in eastern Iowa. Numerous schools closed early in Iowa, and a state of snow emergency was declared in Minnesota by Gov. Harold LeVander.

Fog blanketed many areas and sharply curtailed air travel in and out of portions of the Southeast.

Thundershowers rumbled through the night from the southern Plains to the Ohio Valley, dumping 1 to 2 inches of rain into parts of the middle Mississippi Valley.

Cold rain fell across northern California, but southern counties hit by recent flooding and mudslides continued working toward recovery.

were sandbagging Eight Mile Ditch at points where water had surmounted the levee.

At Little Rock, authorities said 40 or more families had been evacuated from homes in low-lying areas. About 15 families were evacuated from homes in the North Little Rock area. Just northwest of Jacksonville, 10 persons were evacuated from one house in the Toneyville community.

Dale McIntire, a U. S. Weather Bureau observer at Judsonia, recommended that residents who live near the confluence of the White River and the Red River near the Searcy Bridge evacuate. Ten miles south of Searcy, three families were evacuated from their homes near Garner.

The White River at Gilbert rose 32.8 feet in a 24-hour period. It rose 14.4 feet at Batesville. The White River or its main tributaries rose more than nine feet at other points.

The Caddo River rose 15.8 feet at Glenwood, the Saline rose 19.7 at Benton, and the Arkansas rose 14.8 feet at Dardanelle.

A spokesman for the state Game and Fish Commission said all the gates on the dam at Lake Conway were being opened to prevent the lake from flooding homes in the area. The lake empties into Palarm Creek which flows into the Arkansas River. The gates will remain open until the rains subside or the water level falls to a near normal level, he said.

While most rivers rose sharply, they remained below flood levels.

Two factories — the L. A. Darling Co. plant and the Ed White Shoe Co. plant — closed at Paragould because of heavy rains and flooding conditions.

At Augusta, Radio Station KMOW was off the air because two feet of water stood in its transmitter building.

Schools closed at a dozen places. The Greene County Tech District closed. Four other districts in Greene County — Marmaduke, Oak Grove, Lafa and Stanford — also closed. The Rector District in Clay County also closed, as did the Dixie District in Craighead County.

Schools also were reported closed at Augusta, Pocahontas, plus the St. Paul District in Madison County and three schools in White County.

At Gulton on the White River, rushing water washed away the Gulton Ferry.

Scores of roads were covered with water, with some submerged so deeply they were ordered closed by State Police.

The routes listed by state Police as impassable included the following:

- Arkansas 161 north of Jacksonville to Toneyville.
- Arkansas 338 between Interstate 30 and Arkansas 5.
- Arkansas 8 north of Glenwood.
- Arkansas 58 and Arkansas 175 in Sharp County.
- Arkansas 5 from Benton to Hot Springs.
- Arkansas 23 north of Ozark.
- Arkansas 25 between Black Rock and Strawberry.

for fear of what the neighbors would think.

They key word in the American dream was "opportunity," not "security." The land was full of "go-getters," each of whom honestly felt that if he were given "a fair chance," he could become as rich as Rockefeller.

Those were the days! Remember?

Jimmy Alford, junior at Hope High School, has been designated the second quarter Joe Amour Service Award winner.

The selection is made by a student-faculty committee with the emphasis on service. The award was set up in honor of the late Hope High School principal, Joe Amour.

Today Jimmy was presented with a plaque from the school and a gift from the principal's wife.

In addition to being listed on the Principal's Roll consistently, he is a first-string back on the Bobcat football team.

As vice-president of the Student Council he has many duties, one of which is to act as chairman of the newly-organized Inter-Club Council. He represented Hope High School at a Governor's Council meeting and a state executive Student Councils planning meeting recently.

"Doing it gets it done" could be called his philosophy when there is a project to be completed or a job to be done.

Lamar Cox, also a junior, was the first-quarter award winner.

# PUEBLO TRIAL

(from page one)

commands were unavailable or too far away. Johnson said the Pueblo's two .50-caliber machine guns "did not appear to me to provide a significant defense capability."

The court goes into closed session today to hear classified information.

Johnson, commander of the U.S. Naval Forces-Japan at the time, said planes could not operate out of Japan because of an agreement with that country forbidding use of Japan-based aircraft in engagements with unfriendly forces.

After Johnson described the forces available to him, Rear Adm. Marshall White of the five-admiral court said: "Then we really had a contingency plan to use forces that didn't exist. There was no help available for her?"

Answer: "No forces were available to me."

Q. "Then there were no forces readily available to come to the assistance of the Pueblo as I understand your on-call arrangement with the 5th Air Force and the 7th Fleet?"

A. "They (the forces) were instructed to go into action any time they received word from any source that assistance was needed. But each command had to go back as far as CINCPAC (Commander in Chief for the Pacific) to get final authorization to use these forces at the time of an incident. The 5th Air Force was the only military organization which had available within a reasonable distance any aircraft—not from Japan but primarily from Okinawa and possibly from South Korea, although it was somewhat difficult at least at my level to determine what availability there might be in South Korea."

Q. "Okinawa was so far it would not have been too feasible?"

A. "As you are aware, the distance is 500 miles from Okinawa."

Q. Rear Adm. Edward Grimm: "Were there any communications... with CINCPAC during the incident?"

A. "The telephone was used. I believe the first call was about 2:20 p.m. to CINCPAC, and I was advised that the 5th Air Force reported delay of possibly about three hours before they could have aircraft in the area."

# Master Spy Allen Dulles Dies at 75

WASHINGTON (AP) — Allen W. Dulles, America's master spy who steered the Central Intelligence Agency through nine years of controversial international intrigue, died late Wednesday. He was 75.

Dulles, appointed CIA chief in 1953 by former President Dwight D. Eisenhower, retired to private life in 1961 following the Bay of Pigs invasion of Cuba—which with an earlier U2 plane incident was one of several controversial matters involving the intelligence agency under his command.

The White House denied at the time that the invasion fiasco, organized to a large degree by the CIA, was the reason for Dulles' retirement, saying his plans were known well in advance of that.

Since quitting government service, Dulles wrote four books on the subject of spying. Former President John F. Kennedy, during whose administration the Bay of Pigs occurred, retained Dulles in his \$22,000-a-year post when he took office.

proponents wore decals which said, "let the people decide on mixed drinks."

One elderly man at the back of the room cupped one hand to his ear to hear more easily the remarks of the opponents and applauded them frequently.

The Rev. M. L. Moser Jr., pastor of the Central Baptist Church in Little Rock, said passage of the bill would create more alcoholics and "drunkards" who would go to hell and then he told the committee that "you men by voting for it would partially responsible for sending these men down to hell."

Rockefeller said a public opinion poll made this year showed "that more than 75 per cent of all registered voters in this state now favor permitting on-premises consumption in wet counties under local option, provided full emphasis is placed upon strong control and law enforcement and provided substantial revenues are imposed thereon."

The governor said the poll does not mean that over three-fourths of our people would vote wet. "It simply means that the issue should be settled by the democratic process of local option," he said.

Rockefeller said he and the ministers at the hearing probably disagree as to what moral issue is involved.

"It is not, in my judgment, whether it is good or bad to drink alcoholic beverages," he said. "The real moral issue that I see involves our attitude towards firm fair and impartial law enforcement."

Rorex, who is serving as the chaplain in the Arkansas house, formerly served as pastor of a Presbyterian Church in Paragould and now serving as a church executive in Little Rock.

# Long Range Plan Worked

NEW YORK (AP) — In 1967 Brooklyn Rabbi Abraham Barenboim unsuccessfully sought to hand a letter to Soviet Premier Alexei N. Kosygin requesting that his brother and family be allowed to come to the United States.

Newspaper accounts of the incident prompted Mayor John V. Lindsay to write to Kosygin, citing the fact that the Barenboim brothers were the only survivors of a family all but wiped out by the Nazis during World War II.

Last year, Lindsay was informed by the Russian Embassy in Washington that Kosygin was working on the matter.

Tuesday night, Rabbi Shlomo Barenboim, his wife, two daughters and a son arrived by plane from Moscow to be reunited with Abraham Barenboim, who left Russia 28 years ago.

Wednesday they appeared at City Hall and presented the mayor with a bottle of vodka as a token of appreciation for the help he had given them.

### MONDAY, FEBRUARY 3

The W.M.S. of the First Baptist Church will meet on Monday, February 3 at 1:30 p.m. for the regular monthly business meeting, followed by the Royal Service program at 2 p.m., "The Story of a Church Witnessing to Language Groups."

All circles of the W.S.C. will meet Monday, February 3 at 3 p.m. in the First United Methodist Church.

### TUESDAY, FEBRUARY 4

The Alpha Delta Chapter, Delta Kappa Gamma, will meet at 4 p.m., Tuesday, February 4 in the home of Mrs. Lillian Stewart with Mrs. Anna Mae Williams and Mrs. Mildred McPherson, co-hostesses. Mrs. Bobbie Brown will have the program.

The Women's Council of the First Presbyterian Church will meet in the chapel Tuesday, February 4 at 10:00 a.m.

### CENTERVILLE E. H. CLUB MEETS

With all joining in singing "Down in the Valley" under the direction of Mrs. E.O. Bright, the Centerville Extension Homemakers Club was opened January 22 in the home of Mrs. Jim Langston. The hostess read Psalm 100 for the devotional, and the Lord's Prayer was repeated in unison.

Mrs. Vernie Goynes brought the lesson, "Guidposts to Keep

One's Head." Each person expressed her ways of reacting in case of an emergency. After routine business was conducted, the club adopted as its project for the year "working toward a new club house for our community." Mrs. Campbell gave an interesting report on health, and Mrs. Langston read a poem, "It's Up to You."

Mrs. Bright directed the playing of a game; Mrs. Earl Ross won the door prize. The meeting was adjourned with all reading the Homemakers Prayer. The next meeting will be with Mrs. M.O. Harris on Shover Street.

### BRIDGE CLUB MEETS

A local bridge club met with Mrs. Lloyd Spencer on January 28. Camellias and narcissuses made the setting more attractive for the Tuesday afternoon gathering of two tables of players.

High scorer was Mrs. Syd McMath, and second high was Mrs. R. L. Broach. A dessert and coffee were served for refreshments.

### Births

Major and Mrs. Donald McQueen of Munich, Germany, announce the arrival of an 8 pound, 6 ounce son on January 20. He has been named Mark Kevin and is their second son. Mr. and Mrs. Oather McQueen are the paternal grandparents.

### Coming, Going

## HELEN HELP US!

by Helen Bottel

### BUM JOKER NEEDS BUM'S RUSH

Dear Helen: I can't understand what's going on.

I got engaged last month, and yesterday my fiancé took me to a real nice place for dinner. I guess he was buttering me up to tell me bad news, because he was seeing a married woman. Then he said we were never engaged, and asked me how it feels to be played for a sucker. I felt such pain I couldn't even cry.

Then about an hour after he took me home he called up and said he was just teasing me — it was all a lie and he really loved me. Our engagement was still on.

I really do love him — I think. But if he plays this kind of game now what will he do after marriage? — B.K.

Dear B: I wouldn't wait around to find out. That cruel streak might worsen with marriage. — H.

Dear Helen: There's a girl in town who isn't happy unless she's taking away somebody's boy friend. This is how Miss Flirt operates: The minute she hears you like someone, she's right there like a leech, even if you imply strongly she could get lost.

Next she stands on street corners and when the boy drives by she asks for a ride home. He can't very well refuse. So then she says "Let's smoke a cigarette or two," so they "cut the gut" (drive up and down Main street). Of course everybody sees them, and it gets back to his real girl friend.

Pretty soon everybody is making remarks, and before you know it she has the couple split up. Then she doesn't want the boy any more, so she goes on to somebody else's boy friend. She is so two-faced that she somehow makes the boys think it is their girls who are mean and jealous. How can we get her off our backs? — ANTI-FLIRT ASSOCIATION.

Dear AFA: Try being kind to Miss Flirt and she may stop getting even for you slights. This gal would make a better friend than enemy. — H.

Dear Helen: Could you please once again give us the name of the agency where you can get foreign pen pals? — INTEREST.

### Getting Ready to Play Cupid in Two Weeks

LOVELAND, Colo. (AP) — With Valentine's Day only about two weeks away, postmaster Fred Brewer is getting ready to play Cupid again.

Each year, an estimated 100,000 valentines are processed by Brewer and his staff for people in all 50 states and many foreign countries who want their messages of love to carry the postmark of this fittingly named town.

Brewer himself hand cancels about 8,000 valentines, including the ones for his wife and five grandchildren.

In addition to the "Loveland" postmark, cards and letters sent to this city of 18,500 for remailing are stamped with a bare-bottomed Cupid in a cowboy hat and a verse. This year's reads, "The heart-L brand reaches far throughout the land."

The mailing campaign for the Feb. 14 hearts and flowers day was first thought of in 1947. Anyone who wants the special postmark simply stamps and addresses his valentine as usual, encloses it in another envelope and mails it to Loveland for redistribution.

Getting into the spirit of things, the Chamber of Commerce has, for the past eight years, chosen as "Miss Loveland Valentine" from among the community's high school seniors.

There are three other Lovelands in the postal guide—in Ohio, Oklahoma and Iowa. None of them, however, gets more than a few cards for remailing.

## Television and Radio

By CYNTHIA LOWRY

AP Television-Radio Writer  
NEW YORK (AP) — If the quality of its comedy material can ever match the quality of its music, the new "Glen Campbell Goodtime Hour" will be one of the most attractive variety programs in television.

The premiere show of the CBS series opened with a hefty serving of song by Campbell, of course, and alone came Bobbie Gentry and John Hartford, before the 60 minutes had gone by they had covered most of the numbers that made their reputations and then some.

The Smothers Brothers were there—logically since they are

not only the producers of the new series but it was from their summer replacement series that Campbell's career took off.

Campbell's attractive singing style and skill on the guitar are especially easy to take. Miss Gentry with her husky, true voice and John Hartford, whose sensitive, pensive face illuminates the sad lyrics of his ballads are interesting to watch and hear.

The studio audience or maybe it was a laugh track — screamed wildly at the comedy. However, it did seem that there must have been a better way to amuse the audience than to dress Tom Smothers in a cowboy suit and put him astride a real live hippopotamus which he treated like a horse. Or a better way to handle a monologue than to dress Pat Paulsen in an

open-fronted shirt, put a guitar in his hands and make him read an over-blown and almost desperate piece about the history of the folk song.

But as long as Campbell and his musical friends are prominently and actively in the program, it will be a good choice for Wednesday nights during the rest of the season.

The appearance of the Smothers Brothers on Campbell's show illustrates one of the curious convictions of producers who book guest stars on television shows. For some reason, they believe unanimously that it is a real treat for viewers to see singers and comedians who have weekly network series of their own as guests on other singers and comedians weekly series.

Thus we encounter Carol Bur-

nett in a Lucy episode, and after awhile there's Lucy on Carol's show. Or Tom and Dickie Smothers show up on "Laugh-In." And pretty soon Dan Rowan and Dick Martin return the visit. The truth is, it's not much of a treat, and besides, it is bound to lead to over-exposure of a special sort.

Another TV custom which has long since staled is the business of having stars with a show coming up appearing on an assortment of programs on the same network for the sole purpose of plugging their project. The game shows and the early morning and late evening conversation shows are widely used for this purpose.

Average yield of maple sugar per tree is two or three pounds per season.

# TAX REFORM

(from page one)

reform, particularly to making all high-income recipients pay some sort of tax.

According to a Treasury Department report that 155 tax returns showing incomes in excess of \$200,000 resulted in no tax payments, Byrnes said:

"No matter by what device, no matter how laudable the nature of the deduction or exclusion that produces this result, the fact remains that there is no justification for these individuals being nontaxpayers."

Ways and Means chairman Wilbur D. Mills, D-Ark., cautioned newsmen not to expect a radical tax code revision this year.

But he added if the hearings disclose particular areas in need of change, the committee might go ahead with legislation on these without waiting for a full overhaul.

Among other subjects to be studied are a number of particular interest to average taxpayers.

One is the possibility of broadening the standard deduction, now limited to 10 per cent of income with a ceiling of \$1,000 deducted, so that more taxpayers would be spared the chore of itemizing and justifying deductions.

Another is the complaint of single persons that they are discriminated against, because married couples and other heads of households enjoy income-splitting advantages.

Another tax reform recommendation came Wednesday from a private, nonprofit research organization of business and professional leaders.

The influential Committee for Economic Development said legislation is needed to give the President power to raise or lower taxes by up to 10 per cent, subject to congressional veto.

The CED said this would allow the president a flexible, faster-acting tax mechanism than now available to combat inflation and recessions.

Charter buses that were scheduled to take the inductees from Camden to Newark never showed up.

# Snow, Rain Across the Nation

By THE ASSOCIATED PRESS

Snow and freezing rain hampered travel in many northern states today and closed schools and curtailed business activities in parts of the west.

Fog and rain produced additional motoring hazards in the Midwest, the lower plains and the South and continued downpours brought flood threats to Indiana.

Hardest hit by heavy snows were the Pacific Northwest, portions of the central Rockies and the northern Plains. Bitter-cold weather worsened the hardships in the Northwest and in parts of the plains.

Schools in many areas of western Oregon remained shut down today.

Freezing rain glazed highways in parts of the great lakes region and extended eastward to New York for the second day in a row.

Blizzard conditions lashed the Columbia gorge and sections of Oregon. State police closed an interstate highway for a time because of a 12-car pileup and decreased visibility.

Loggers unable to get into woods because of deep snows left many lumber mills without logs. Other businesses suffered similar problems as customers simply stayed home rather than venture into the snow and cold.

Washington Gov. Dan Evans declared a state of emergency in his state's Mason County, buried under 40 inches of snow in some places. National Guardsmen used special snow vehicles to deliver food to isolated farm families in Okanogan County, in north-central Washington, where a similar emergency existed.

Stockmen in west-central Oregon and in Washington expressed concern for cattle and sheep stranded in deep snows which have continued to mount in severe cold which has remained anchored over the Northwest for days.

Indiana rivers and streams flooded hundreds of acres of bottomland as mounting ice jams dammed up accumulations of rain and meltin snow. Communities affected included Lafayette, Fort Wayne and Elkhart. State Police delivered sandbags for volunteers to try to keep water out of homes in the Elkhart-Bristol area.

Temperatures which have held below zero in Montana for two weeks brought more subzero cold to adjacent sections of Idaho, Washington and Oregon.

The mercury edged up to -23 at the north-central Montana city of Havre at midday Wednesday, then toppled to -42 at midnight.

Ten inches of snow piled into the northern Utah and southern Idaho area before noon Wednesday. Many schools gave pupils an unscheduled holiday because of hazardous road conditions and drifts up to 4 feet deep. More snow was expected today.

Six-inch snows coated northwestern Iowa and much of southern Minnesota before nightfall Wednesday. Freezing drizzle was an added hazard in eastern Iowa. Numerous schools closed early in Iowa, and a state of snow emergency was declared in Minnesota by Gov. Harold LeVander.

Fog blanketed many areas and sharply curtailed air travel in and out of portions of the Southeast.

Thundershowers rumbled through the night from the southern Plains to the Ohio Valley, dumping 1 to 2 inches of rain into parts of the middle Mississippi Valley.

Cold rain fell across northern California, but southern counties hit by recent flooding and mudslides continued working toward recovery.

# MEMORY

(from page one)

sion "you're all wet" came from.

You could journey about a modern city for weeks on end and never see a picket's sign.

When a man was sick, he said, "I feel poorly." If he remained home merely because he had a bad cold, he could lose his job. Nobody had heard of the "one-day virus," and if you told your boss you had such an ailment he would automatically put you down as liar and a gold-bricker.

Money was so scarce in most communities that if you were seen coming home in a cab, everyone in the block wondered if you had inherited some.

Butchers practically gave liver away as it was thought fit food only for cats, health nuts, and people too desperately poor to afford anything else.

Families with any pride wouldn't dare put an elderly member into an old folks' home.

were sandbagging Eight Mile Ditch at points where water had surmounted the levee.

At Little Rock, authorities said 40 or more families had been evacuated from homes in low-lying areas. About 15 families were evacuated from homes in the North Little Rock area. Just northwest of Jacksonville, 10 persons were evacuated from one house in the Toneyville community.

Dale McInterf, a U. S. Weather Bureau observer at Judsonia, recommended that residents who live near the confluence of the White River and the Red River near the Searcy Bridge evacuate. Ten miles south of Searcy, three families were evacuated from their homes near Garner.

The White River at Gilbert rose 32.8 feet in a 24-hour period. It rose 14.4 feet at Batesville. The White River or its main tributaries rose more than nine feet at other points.

The Caddo River rose 15.8 feet at Glenwood, the Saline rose 19.7 at Benton, and the Arkansas rose 14.8 feet at Dardanelle.

A spokesman for the state Game and Fish Commission said all the gates on the dam at Lake Conway were being opened to prevent the lake from flooding homes in the area. The lake empties into Palarm Creek which flows into the Arkansas River. The gates will remain open until the rains subside or the water level falls to a near normal level, he said.

While most rivers rose sharply, they remained below flood levels.

Two factories — the L. A. Darling Co. plant and the Ed White Shoe Co. plant — closed at Paragould because of heavy rains and flooding conditions.

At Augusta, Radio Station KMCW was off the air because two feet of water stood in its transmitter building.

Schools closed at a dozen places. The Greene County—Marmaduke, Oak Grove, Lake and Stanford—also closed. The Rector District in Clay County also closed, as did the Dixie District in Craighead County.

Schools also were reported closed at Augusta, Pocahontas, plus the St. Paul District in Madison County and three schools in White County.

At Gulon on the White River, rushing water washed away the Gulon Ferry.

Scores of roads were covered with water, with some submerged so deeply they were ordered closed by State Police.

The routes listed by state Police as impassable included the following:

- Arkansas 161 north of Jacksonville to Toneyville.
- Arkansas 338 between Interstate 30 and Arkansas 5.
- Arkansas 8 north of Glenwood.
- Arkansas 58 and Arkansas 175 in Sharp County.
- Arkansas 5 from Benton to Hot Springs.
- Arkansas 23 north of Ozark.
- Arkansas 25 between Black Rock and Strawberry.

# Master Spy Allen Dulles Dies at 75

By ED SHEARER

Associated Press Writer  
LITTLE ROCK (AP) — A Presbyterian minister said Wednesday that members of the legislature had been subjected to a "psychological lynching" by ministers who were attempting to defeat an administration local option mixed drink bill.

The remark came in testimony by the Rev. John T. Rorex during a public hearing on House Bill 113 before the House Revenue and Taxation Committee.

The highly emotional hearing, which lasted more than two hours, featured an appearance by Gov. Winthrop Rockefeller and divergent views expressed by clergymen representing various denominations.

Methodist and Baptist ministers — some with an evangelical fervor — led the parade of witnesses testifying against the measure while proponents produced testimony for the bill from a group of Presbyterian ministers and one Catholic priest. There was no neutrality on the controversial issue.

The opposition had the most support in a crowd of about 350 persons who jammed to every available space in the old Supreme Court chamber at the state Capitol. Another 100 persons crowded into the hallway outside the chamber to hear the testimony over a loud-speaker system.

The opponents said they had persons in attendance from 37 counties. They wore decals which said, "for Arkansas, against mixed drinks." The proponents wore decals which said, "let the people decide on mixed drinks."

One elderly man at the back of the room cupped one hand to his ear to hear more easily the remarks of the opponents and applauded them frequently.

The Rev. M. L. Moser Jr., pastor of the Central Baptist Church in Little Rock, said passage of the bill would create more alcoholics and "drunkards" who would go to hell and then he told the committee that "you men by voting for it would partially responsible for sending these men down to hell."

Rockefeller said a public opinion poll made this year showed "that more than 75 per cent of all registered voters in this state now favor permitting on-premises consumption in wet counties under local option, provided full emphasis is placed upon strong control and law enforcement and provided substantial revenues are imposed thereon."

The governor said the poll does not mean that over three-fourths of our people would vote wet. "It simply means that the issue should be settled by the democratic process of local option," he said.

Rockefeller said he and the ministers at the hearing probably disagreed as to what moral issue is involved.

"It is not, in my judgment, whether it is good or bad to drink alcoholic beverages," he said. "The real moral issue that I see involves our attitude towards firm fair and impartial law enforcement."

Rorex, who is serving as the chaplain in the Arkansas house, formerly served as pastor of a Presbyterian Church in Paragould and now serving as a church executive in Little Rock.

Washington (AP) — Allen W. Dulles, America's master spy who steered the Central Intelligence Agency through nine years of controversial international intrigue, died late Wednesday. He was 75.

Dulles, appointed CIA chief in 1953 by former President Dwight D. Eisenhower, retired to private life in 1961 following the Bay of Pigs invasion of Cuba — which with an earlier U2 plane incident was one of several controversial matters involving the intelligence agency under his command.

The White House denied at the time that the invasion fiasco, organized to a large degree by the CIA, was the reason for Dulles' retirement, saying his plans were known well in advance of that.

Since quitting government service, Dulles wrote four books on the subject of spying.

Former President John F. Kennedy, during whose administration the Bay of Pigs occurred, retained Dulles in his \$22,000-a-year post when he took office.

NEW YORK (AP) — In 1967 Brooklyn Rabbi Abraham Barenboim unsuccessfully sought to hand a letter to Soviet Premier Alexei N. Kosygin requesting that his brother and family be allowed to come to the United States.

Newspaper accounts of the incident prompted Mayor John V. Lindsay to write to Kosygin, citing the fact that the Barenboim brothers were the only survivors of a family all but wiped out by the Nazis during World War II.

Last year, Lindsay was informed by the Russian Embassy in Washington that Kosygin was working on the matter.

### MONDAY, FEBRUARY 3

The W.M.S. of the First Baptist Church will meet on Monday, February 3 at 1:30 p.m. for the regular monthly business meeting, followed by the Royal Service program at 2 p.m. "The Story of a Church Witnessing to Language Groups."

All circles of the WSCS will meet Monday, February 3 at 3 p.m. in the First United Methodist Church.

### TUESDAY, FEBRUARY 4

The Alpha Delta Chapter, Delta Kappa Gamma, will meet at 4 p.m. Tuesday, February 4 in the home of Mrs. Lillian Stewart with Mrs. Anna Mae Williams and Mrs. Mildred McPherson, co-hostesses. Mrs. Bobbie Brown will have the program.

The Women's Council of the First Presbyterian Church will meet in the chapel Tuesday, February 4 at 10:00 a.m.

### CENTERVILLE E. H. CLUB MEETS

With all joining in singing "Down in the Valley" under the direction of Mrs. E.O. Bright, the Centerville Extension Homemakers Club was opened January 22 in the home of Mrs. Jim Langston. The hostess read Psalm 100 for the devotional, and the Lord's Prayer was repeated in unison.

Mrs. Vernie Coyne brought the lesson, "Guidposts to Keep

One's Head." Each person expressed her ways of reacting in case of an emergency. After routine business was conducted, the club adopted as its project for the year "working toward a new club house for our community." Mrs. Campbell gave an interesting report on health, and Mrs. Langston read a poem, "It's Up to You."

Mrs. Bright directed the playing of a game; Mrs. Earl Ross won the door prize. The meeting was adjourned with all reading the Homemakers Prayer. The next meeting will be with Mrs. M.O. Harris on Shover Street.

### BRIDGE CLUB MEETS

A local bridge club met with Mrs. Lloyd Spencer on January 28. Camellias and narcissuses made the setting more attractive for the Tuesday afternoon gathering of two tables of players.

High scorer was Mrs. Syd McMath, and second high was Mrs. R. L. Broach. A dessert and coffee were served for refreshments.

### Births

Major and Mrs. Donald McQueen of Munich, Germany, announce the arrival of an 8 pound, 6 ounce son on January 20. He has been named Mark Kevin and is their second son. Mr. and Mrs. Oather McQueen are the paternal grandparents.

### Coming, Going

Ward Wilson of Dallas is spending this week with his grandparents, Mr. and Mrs. George Robinson.

Mr. and Mrs. Don Oglesby and Billy Don, Havana, Ark., were weekend guests of Mrs. Orville Oglesby.

Mr. and Mrs. Carl McMurry and Debbie, El Dorado, visited Mr. and Mrs. A. R. Hamm in Hope and Mr. and Mrs. Verner McMurry in Patmos over the weekend.

Mr. and Mrs. James Starkey and Michelle have returned from a visit in Harrison with relatives.

Mrs. Opal DuPree, Bossier City, La., was here Monday to see her sister, Mrs. Theo Bonds.

Mr. and Mrs. Lee Ray returned Sunday from Texas, where they attended the Governor's Inaugural dinner and ball on Monday and Tuesday last week, and they visited Mr. and Mrs. Jack Buckner and family in Ft. Worth and Mr. and Mrs. Jack Ray and family in Austin.

LINDA GOODWIN

Linda Goodwin, president of the Future Homemakers of America, has been named the Hope High School Betty Crocker Homemaker of Tomorrow on the basis of her score in a written knowledge and attitude test on homemaking given senior girls here December 3.

In addition, she has been named to the McCall's Teen Fashion Board. She will have monthly assignments to fulfill. Her pin and certificate were presented to her in class last week by Mrs. Flora Harmon, home ec teacher, who nominated her.

Linda's scores on the Betty Crocker test have made her eligible for state and national scholarships. She will be awarded a silver charm by General Mills, sponsor of the contest. Mrs. Harmon will make the presentation today.

Last year's winner of this contest at Hope High School was Martha Bader, a freshman at Hendrix College.

## HELEN HELP US!

by Helen Bottel

### BUM JOKER NEEDS BUM'S RUSH

Dear Helen: I can't understand what's going on.

I got engaged last month, and yesterday my fiancé took me to a real nice place for dinner. I guess he was buttering me up to tell me he had bad news, because he was seeing a married woman. Then he said we were never engaged, and asked me how it feels to be played for a sucker. I felt such pain I couldn't even cry. Then about an hour after he took me home he called up and said he was just teasing me — it was all a lie and he really loved me. Our engagement was still on.

I really do love him — I think. But if he plays this kind of game now what will he do after marriage? — B.K.

Dear B: I wouldn't wait around to find out. That cruel streak might worsen with marriage. — H.

Dear Helen: There's a girl in town who isn't happy unless she's taking away somebody's boy friend. This is how Miss Flirt operates: The minute she hears you like someone, she's right there like a leech, even if you imply strongly she could get lost.

Next she stands on street corners and when the boy drives by she asks for a ride home. He can't very well refuse. So then she says "Let's smoke a cigarette or two," so they "cut the gut" (drive up and down Main street). Of course everybody sees them, and it gets back to his real girl friend.

Pretty soon everybody is making remarks, and before you know it she has the couple split up. Then she doesn't want the boy any more, so she goes on to somebody else's boy friend. She is so two-faced that she somehow makes the boys think it is their girls who are mean and jealous. How can we get her off our backs? — ANTI-FLIRT ASSOCIATION.

Dear AFA: Try being kind to Miss Flirt and she may stop getting even for you slights. This gal would make a better friend than enemy. — H.

Dear Helen: Could you please once again give us the name of the agency where you can get foreign pen pals? — INTEREST-

## Getting Ready to Play Cupid in Two Weeks

LOVELAND, Colo. (AP) — With Valentine's Day only about two weeks away, postmaster Fred Brewer is getting ready to play Cupid again.

Each year, an estimated 100,000 valentines are processed by Brewer and his staff for people in all 50 states and many foreign countries who want their messages of love to carry the postmark of this fittingly named town.

Brewer himself hand cancels about 8,000 valentines, including the ones for his wife and five grandchildren.

In addition to the "Loveland" postmark, cards and letters sent to this city of 18,500 for remailing are stamped with a bare-bottomed Cupid in a cowboy hat and a verse. This year's reads, "The heart-L brand reaches far throughout the land."

The mailing campaign for the Feb. 14 hearts and flowers day was first thought of in 1947. Anyone who wants the special postmark simply stamps and addresses his valentine as usual, encloses it in another envelope and mails it to Loveland for redistribution.

Getting into the spirit of things, the Chamber of Commerce has, for the past eight years, chosen as "Miss Loveland Valentine" from among the community's high school seniors.

There are three other Lovelands in the postal guide—in Ohio, Oklahoma and Iowa. None of them, however, gets more than a few cards for remailing.

## Television and Radio

By CYNTHIA LOWRY

AP Television-Radio Writer NEW YORK (AP) — If the quality of its comedy material can ever match the quality of its music, the new "Glen Campbell Goodtime Hour" will be one of the most attractive variety programs in television.

The premiere show of the CBS series opened with a hefty serving of song by Campbell, of course, and alone came Bobbie Gentry and John Hartford. Before the 60 minutes had gone by they had covered most of the numbers that made their reputations and then some.

The Smothers Brothers were there—logically since they are

not only the producers of the new series but it was from their summer replacement series that Campbell's career took off.

Campbell's attractive singing style and skill on the guitar are especially easy to take. Miss Gentry with her husky, true voice and John Hartford, whose sensitive, pensive face illuminates the sad lyrics of his ballads are interesting to watch and hear.

The studio audience or maybe it was a laugh track — screamed wildly at the comedy. However, it did seem that there must have been a better way to amuse the audience than to dress Tom Smothers in a cowboy suit and put him astride a real live hippopotamus which he treated like a horse. Or a better way to handle a monologue than to dress Pat Paulsen in an

open-fronted shirt, put a guitar in his hands and make him read an over-blown and almost desperate piece about the history of the folk song.

But as long as Campbell and his musical friends are prominently and actively in the program, it will be a good choice for Wednesday nights during the rest of the season.

The appearance of the Smothers Brothers on Campbell's show illustrates one of the curious convictions of producers who book guest stars on television shows. For some reason, they believe unanimously that it is a real treat for viewers to see singers and comedians who have weekly network series of their own as guests on other singers and comedians weekly series.

Thus we encounter Carol Bur-

nett in a Lucy episode, and after awhile there's Lucy on Carol's show. Or Tom and Dickie Smothers show up on "Laugh-In." And pretty soon Dan Røwan and Dick Martin return the visit. The truth is, it's not much of a treat, and besides, it is bound to lead to over-exposure of a special sort.

Another TV custom which has long since staled is the business of having stars with a show coming up appearing on an assortment of programs on the same network for the sole purpose of plugging their project. The game shows and the early morning and late evening conversation shows are widely used for this purpose.

Average yield of maple sugar per tree is two or three pounds per season.

**Can't Outrun Older Husband**  
WASHINGTON (AP) — Sen. and Mrs. Strom Thurmond have joined the jogging set, running up to two miles daily to keep trim.  
Mrs. Thurmond, the former Nancy Moore, 22—who was Miss South Carolina in 1966—says her husband, who is 66, outruns her. "I try to keep up with him, but I can't quite do so... not yet," she says.  
The South Carolina Republican senator has long been known as a physical fitness devotee.

## Jones Deftly Outflanks Opponents

By ROBERT SHAW

Associated Press Writer  
LITTLE ROCK (AP) — Sen. Guy H. "Mutt" Jones of Conway deftly outflanked his opposition Wednesday and delayed consideration of the Senate's university merger bill.

The Pulaski County delegation, sponsor of the bill, planned to try today to get the bill through the Senate. They still must overcome Jones' strategy, which theoretically could tie up the bill the rest of this session, although that doesn't appear likely.

"I might not be able to stop this train, but I may be able to slow it down," said Jones at the beginning of his two-hour delaying action, which took up most of Wednesday's session. The parliamentary maneuvering included a filibuster and the discovery that Jones had locked the bill in his desk to keep it from coming up for debate.

Jones also won in his objection to a routine second reading of the merger bill passed 90-5 by the House Tuesday. A motion to suspend the rules and permit a second reading failed 16-11, with 18 votes needed for adoption.  
Jones indicated that he had other plans to delay the bill, which would authorize the merger of the state-supported Uni-

versity of Arkansas and Little Rock University, a private school.

Jones said he hoped to reduce support for the bill, which sponsors say, has more than the 18 votes needed for passage. The senator offered six amendments to it Wednesday. Two of the amendments were brought to a vote and each was defeated. But Jones obtained the delay when Sen. Melvin Chambers of Magnolia gave notice of reconsideration of one of the amendments, which would require Pulaski County and the city of Little Rock to deposit \$20 million with the state to pay for the merger.

The Senate Rules Committee met in a Senate recess and decided that Chambers' notice prevented further consideration during Wednesday of the remainder of Jones' amendments and of the bill.

If that is true, complained Sen. Ben Allen of Little Rock Jones could, by introducing many more amendments and obtaining reconsideration for each, delay the bill for every day he has an amendment.

"As much as I hate to admit it, that is right," said Sen. Max Howell of Little Rock, a Rules Committee member and floor manager of the bill. "If that is the rule, we are going to be the laughing stock of Arkansas," Allen said.

The Pulaski delegation's strategy apparently will be to move the "clinch" after the failure of every Jones amendment, if each fails as the vote Wednesday would indicate. The

"clinch" motion would prevent notice of reconsideration from being given.

Howell moved the "clinch" after the failure of Jones' first amendment Wednesday, and it carried, but Jones distracted Howell's attention at the conclusion of the roll call vote on the second, giving Chambers a chance to obtain recognition from Sen. Morrell Cathright of Pine Bluff, the Senate's presiding officer, and give his notice. The Senate adjourned until 1:30 p.m. today.

Jones opposes the proposed merger because, he says, the state can't afford it and it would retard the growth of State College of Arkansas, which is located in Jones' hometown. He says SCA is within a 20-minute drive from Little Rock and this refutes merger proponents' argument that Central Arkansas has been deprived of a public-supported college.

Tuesday afternoon Jones checked the bill out of the Senate safe "for study" and locked it in his desk. Wednesday Sen. Oscar Alagood of Little Rock organized a 25-minute filibuster to prevent Jones from trapping the bill during the "morning hour." Any unfinished business there is carried over to the next day.

Gathright ruled that Jones had improperly checked out the bill. He asked for it. The Rules Committee sustained Gathright. Jones returned the bill. The Senate then also sustained Gathright.

Allen tried to limit debate on

## Nixon Says He Will Hear Both Sides

By FRANCES LEWINE

Associated Press Writer  
WASHINGTON (AP) — President Nixon has told some 700 officials charged with carrying out his foreign policy that there is plenty of room in his "Forward Together" administration for any dissenting views they may hold.

"Where there are strong dissenting views on foreign policy, I want these views, too," the President told a gathering of State Department officials Wednesday as he continued a round of get-acquainted visits to Capitol Hill and federal agencies.

Nixon took a slight break from that routine today for two prayer meetings, a session with the Apollo 8 astronauts and a White House dinner with the three moon-trip veterans and their wives.

Nixon held a two-hour session with the National Security Council Wednesday in the White House, devoted mainly to a discussion of the nuclear, nonproliferation treaty. But there was no word on when there will be a move toward ratification in the

the bill a tactic that would have prevented Jones from bringing up his amendments, but he failed.

Senate. Along with visits to the Senate and the State Department, Nixon made one high-level appointment, naming Gerald Smith, a 54-year-old lawyer as director of the Arms Control and Disarmament Agency.

Nixon said he was upgrading the job and that Smith, credited by President John F. Kennedy with originating the Washington-Moscow hotline, would have "direct access to the secretary of state and to the President." Smith has been an atomic energy adviser in three administrations.

At the State Department, Nixon on spoke to 70 employees before a two-hour meeting with 30 top policy makers in Secretary of State William Rogers' eighth floor offices.

At the Senate, Nixon had lunch in Minority Leader Everett Dirksen's office with 16 Senate leaders from both parties.

Then he came out on the floor for an ovation from his one-time colleagues and the public galleries. He noted it was his first trip there since he left the Senate as vice president eight years ago.

In a brief speech, Nixon made it clear the executive branch needs the advice as well as consent of the Senate and he would be "most appreciative of getting their views."

Majority Leader Mike Mansfield, D-Mont., said as far as the Democratic side is concerned "we will do everything we can to make you a good President because we feel if you are good, the nation will benefit."

## Dist. Play Half Over, No Hope Win

By RALPH ROUNTON  
Star Sports Writer

Rested a week and ready to go, the Hope Bobcats and Bobkittens finished preparations today for tomorrow night's journey to Malvern for a two-game set, beginning at 6:30 p.m.

This is the halfway mark of the 4-AA Western Division season for the Bobcats, who at 0-4 presently are preoccupied with trying to escape the cellar. Malvern is just ahead at 1-3 in district play, and the Leopards have experienced numerous close defeats through the year.

But while the main attention is placed on the Bobcat game, those who are involved consider the Malvern game a pivotal one for the Bobkittens.

Now 2-2 in 4-AA competition and 7-6 overall, the Kittens have come a long way under Coach Jim Jordan. Breaking a precedent, Jordan decided at the beginning of the season that he would not release the individual scoring leaders after each game. Instead he devised a grading system which calculates the performance of each player.

This has shown up well, as this formerly inexperienced squad has shown with their winning record. With no one knowing his scoring average and trying to keep it up by shooting too much, the Bobkittens have had balance from the first.

Center Lynn Norton at 6-2 is a consistent performer, but he also has had fouling troubles as he is the tallest player around the basket. A left-hander, Norton is joined by Tim White on the inside squad, and White at six feet even gives good height to the front line.

Really showing some basketball prowess is forward Steve Harris, who as quarterback guided the football Bobkittens to their 6-1 season. Harris rarely misses from underneath, and is among the best drivers on the team.

A big offensive asset to the Kittens, though, has been the fast breaking and outside shooting of guards Buddy Ingram and Tommy Frazier.

Only an 8th grader, Ingram is showing all the signs of a blue-chipper in that backcourt, and his 15 and 20 footers have changed many games in complexion. Frazier is the complement; he feeds the ball well and also has the shot when needed.

Behind the starting quintet, Jordan has mainly been using freshmen David Chance and Glendon Martin around the basket, but 8th grader Bruce Joyce is breaking in fairly well at guard. Beyond those three there is little experience from lack of a full junior high basketball program.

This year a 7th grade program has been established, however, and this should truly show on the Bobkitten squads in the years to come.

Fairview disappointed the juniors 56-44 last Saturday, but there is another chance this weekend with important games against Malvern and Camden Lincoln, who earlier defeated the Bobkittens 53-47.

These battles are important because the 4-AA tournament, which for the junior boys is just two weeks away, seeds its teams. The four semifinalists go on to the state championships, and this is the goal of the Hope juniors.

Switching back to the Bobcats, one could foresee something in Saturday night's duel between Hope and Camden Lincoln in Jones Field House.

Lincoln must play Fairview on Friday evening, and the Tigers are keyed high toward keeping their 4-AA West mark clean. The Camden team also had their problems before subduing Hope 61-48 three weeks ago, and the Bobcats are after revenge.

Crossett's Eagles showed their continued dominance of 4-AA East last weekend, master-

ing ever-tough Smackover 57-50. Camden and Magnolia are still in contention, but El Dorado Washington could beat them all out for the top spot.

Still it looks like a runaway for Fairview (9-0 now) if the Cardinals can get past Lincoln. A win there would probably move Pat Foster's forces up in the statewide rankings, where they presently are seventh. Foster thinks Fairview should be higher up, but he won't be justified unless the Cards get through this weekend unscathed.

## Would Like to Be Loop's Top Goalie

By HAL BOCK  
Associated Press Sports Writer

Ed Glacomin has this little ambition that most National Hockey League goalenders share. He's like very much to win the Vezina Trophy as the league's top goalie. Glacomin, who mends the New York nets, is no hog. He just wants to win it once.

The way to capture the Vezina is for your team to allow less goals than any other club in the league and the Rangers have allowed 115—best defensive figure in the NHL's East Division. Glacomin's 2-0 shutout over Detroit Wednesday night was his second in three games and the road to the Vezina is paved with shutouts.

Glacomin had one little problem. It's called the St. Louis Blues and it's about 18 goals large right now. That's the margin Jacques Plante and Glenn Hall, who share the St. Louis netminding, hold over Glacomin in the Vezina race.

Plante beat Pittsburgh 2-1 Wednesday night as the Blues stretched their unbeaten streak against the West Division to 19 games.

In other NHL action Wednesday, Montreal blanked Minnesota 4-0, Boston and Oakland played a 3-3 tie and Los Angeles upended Toronto 3-1.

Glacomin faced just 23 Detroit shots and saw only one in the second period, recording his fourth shutout of the season.

Vic Hadfield, who scored his 10th goal in 14 games, and Rod Gilbert accounted for the Ranger goals as New York stretched its unbeaten string to six games. The Rangers won their fourth straight under interim Coach Emile Francis, who replaced the ailing Bernie Geoffrion a week ago.

Plante, who has won six Vezina Trophies in his career and celebrated his 40th birthday two weeks ago, was St. Louis' key against Pittsburgh. He stopped 24 shots and lowered his league-leading goals against average to 1.8.

The Blues, who haven't lost to a West team since Nov. 2, grabbed a lead on Bill McCreary's goal in the second period. Gene Ubriaco tied it with Pittsburgh enjoying a two-man advantage in the third period but Ron Schock won it for the Blues with less than six minutes to play and two Penguins in the penalty box.

John Ferguson scored two goals and Gump Worsley blocked 25 shots as Montreal blanked Minnesota.

Yvan Cournoyer picked up three assists for the Canadiens, who wrapped it up with second period goals 59 seconds apart by Jacques Lemaire and Ferguson.

Boston pulled its goalie, Gerry Cheevers, with 33 seconds to play and the strategy worked as the Bruins salvaged a deadlock with Oakland. Ed Westfall produced the equalizer with 17 seconds left, enabling the Bruins to extend their unbeaten streak to 15 games.

John McKenzie and Ken Hodge scored the other Boston goals while Joe Szura, Ted Hampson and Gerry Egan were the Seals' marksmen.

Los Angeles continued its mastery over Toronto at home, whipping the Leafs for the fourth time in four games at the Forum over two seasons.

## Super Sonics Suddenly Playing Super

By THE ASSOCIATED PRESS  
Suddenly, the Seattle Super-Sonics are playing like super-Sonics.

Saddled with the third worst record in the National Basketball Association, the Sonics have been breaking all kinds of barriers in their last three games.

The Sonics have beaten Eastern Division leading Baltimore for the first time, Milwaukee and defending world champion Boston for the first time.

The upset over the Celtics came Wednesday night the hard way. Expected to fold against the relentless pressure usually put on by the Celtics, Seattle instead held up for a 124-122 overtime triumph over Boston in Philadelphia.

In the nightclub of the double-header there, Philadelphia streaked to a 119-96 romp over Atlanta. In other games, San Francisco held off host Detroit 133-126, Phoenix stopped Milwaukee 111-107 at Tucson, Ariz., and Los Angeles beat visiting San Diego 122-120.

In the American Basketball Association, Dallas defeated the New York Nets 120-105, Denver edged Indiana 131-128 and Kentucky tripped Houston 113-108.

Len Wilkens was the super Sonic against the Celtics, scoring seven points in the overtime. He and Bob Rule brought Seattle back from a 115-112 deficit to a 117-115 lead and the Celtics never caught up.

Rule finished with 26 points and Wilkens 24, but Sam Jones of Boston led all scorers with 39, including points that brought Boston back from a 13-point deficit to a 106-all tie before Wilkens and John Havlicek traded baskets to send the game into an extra period.

Philadelphia, outrebounding the Hawks 18-5 in the third quarter, jumped from a 58-53 halftime lead to a 89-79 spread and breezed in. Billy Cunningham had 29 points for the 76ers.

Jeff Mullins notched a career high 42 points as San Francisco won its fourth straight game. He twice led the Warriors away in the final half after Detroit came back from 12- and 15-point deficits. Teammate Nate Thurmond added 34 points.

Gail Goodrich broke a 107 tie with a jump shot with 17 seconds remaining and then dropped two free throws after Neil Johnson stole the ball as Phoenix beat Milwaukee for the first time in four starts. Goodrich finished with 33 points.

The Lakers' victory over San Diego may prove to be a costly one as Jerry West suffered a pulled hamstring muscle late in the third quarter and will be sidelined indefinitely. West hit on nine of 14 shots and scored 28 points.

Wilt Chamberlain saved the game for Los Angeles, blocking two shots in the final 10 seconds. The Rockets, behind by 25 points early in the third period, cut the deficit to two points with 26 seconds left on Don Kojis' jumper.

Elvin Hayes of San Diego led all scorers with 40 points while Chamberlain topped the Lakers with 30.

## Top Money Winners at San Diego

By BOB MYERS  
Associated Press Sports Writer

SAN DIEGO (AP) — Eighteen of the top 20 money winners in professional golf in 1968, and the winners of the three major tournaments in this infant year, were on hand today for the initial round of the \$150,000 Andy Williams-San Diego Open.

Leading the charge for the fat \$30,000 winner's purse was San Diego's own Billy Casper, who bagged most of the swag—\$205,168 last year—and a man who has read the tournament course like a book.

The setting is the Torrey Pines Municipal course, which has par 36-36—72. It will play about 6,800 yards when the PGA tournament officials get through recasting the third hole, which ordinarily is a par-3 158-yard test.

The only ones missing from the elite top 20 money guys are Tom Weiskopf and Arnold Palmer. Weiskopf is in the Army, and Arnie just decided to skip it.

Casper isn't one of the 1969 tour winners as yet. But ready to tee off were Charlie Sifford, who won \$20,000 in a playoff with South Africa's Harold Henning in the Los Angeles Open, and Miller Barber, who collected \$13,500 in the rain-abbreviated Kaiser International at Napa, Calif.

## Fairmont Is Rated Small College Best

By The Associated Press

Fairmont of West Virginia which ended their unbeaten streak to 15 last week by defeating Salem and Steubenville, maintained its lead in The Associated Press' small-college basketball poll today.

Fairmont collected five first-place votes and 272 points in the balloting by a national panel of 16 sports writers and broadcasters. Fairmont walloped Salem 104-64 and Steubenville 103-65.

Stephen F. Austin, 16-1, including last week's 103-84 triumph over East Texas, advanced one place to second with 257 points, including 20 for one first-place vote. Ashland, Ohio, rushed up two notches to third after defeating Wittenberg and Wheeling for a 16-1 mark.

Southwestern, La., has the No. 4 spot followed by Lamar Tech, which climbed one position, and Kentucky Wesleyan, the runnerup a week ago, South Dakota State remained seventh while Long Beach State, Trinity, Tex., and Wittenberg round out the Top Ten in that order.

Long Beach State advanced three places, Trinity one and Wittenberg slipped two notches as a result of its setback by Ashland.

Eastern Michigan and High Point, N.C., gained rankings in the Second Ten. They replaced Illinois State, No. 18 last week, and Cheyney State, No. 20.

## Howard Pours in 35 for the Lobos

By HERSCHEL NISSENSEN  
Associated Press Sports Writer  
Big Greg Howard is back in good standing at New Mexico but he's public enemy No. 1 at New Mexico State.

Starting for the first time since a six-game disciplinary suspension earlier in the season, the 6-foot-9 Howard poured in 35 points as the unranked Lobos shot the eighth-ranked Aggies from the unbeaten ranks Wednesday night 86-66.

The lanky junior from Pittsburgh connected on 16 of 18 floor shots and three of six at the foul line and pulled down 14 rebounds, twice as many as any Aggie.

New Mexico State had won its first 16 games and only trailed 38-35 at halftime before the Lobos, now 12-6, pulled away.

"They just beat us in all aspects of the game," conceded Coach Lou Henson of the losers. "This was the win we needed," said Howard. "We have eight games left and we can win them all now." Included is a return engagement with the Aggies Saturday on the Lobos' court in Albuquerque.

During Howard's suspension, the Lobos lost twice and he did not start in three more setbacks since his return.

The outcome Wednesday night left top-ranked UCLA and No. 3 Santa Clara as the nation's only major unbeaten teams.

New Mexico was the only member of The Associated Press' Top Twenty teams to see action Wednesday.

Elsewhere, Ohio University whipped Western Michigan 78-68 and moved into second place in the Mid-American Conference as Gerald McKee and Greg McDilvitt scored 20 points apiece. Toledo, which had been second, dropped to fourth by losing to Kent State 72-69 as the winners made 17 of 27 shots in

Wednesday's Fights  
By THE ASSOCIATED PRESS

NEW YORK—Jose Gonzalez, 165, Puerto Rico, outpointed Tito Marshall, 162, Panama, 10.  
LAS VEGAS, Nev.—Zora Foley, 214, C h a n d l e r, Ariz., Dallas, 4; Gary Bates, 194, Las Vegas, outpointed Johnny Featherman, 183, Tucson, Ariz., 10.  
HONOLULU — Lee Calderon, 120 1/2, Mexico, stopped Domi Manalang, 123, Philippines, 10.

the second half.

Justus Thigpen, playing with a broken hand, fired in 28 points and Willie Sojourner grabbed 20 rebounds to lead Weber State past West Texas State 92-76. Thigpen sat out the first 10 minutes while a bandage on his hand was changed.

Bob Lanier, St. Bonaventure's 6-11 junior center, dropped in 33 points, eight above his average, as the Bonnies walloped Canisius 79-61 in their upstate New York rivalry.

A crucial technical foul against Syracuse Coach Roy Danforth helped Penn State to a 64-58 triumph. Manhattan came from 10 points behind in the second half to turn back Seton Hall 58-52.

Dennis Chapman's 22 points and Pete Cayeska's 20 rebounds led Massachusetts over Fordham 73-60.

In other major games, Southern Mississippi downed Centenary 81-70, Miami, Fla., beat Stetson 98-90, Boston College topped Northeastern 80-69 and Gettysburg turned back Navy 80-71 in overtime.

## Foster Parents

VIDALIA, Ga. — (NEA) — Paul Anderson, Olympic weight-lifting champion renowned as the world's strongest human, has an unusual interest outside of sports.

He runs a foster home for teenagers with his wife. Over 100 homeless teenagers are at the home, called The Paul Anderson Youth Home.

## LSU Player May Set a New Mark

NEW YORK (AP) — No season scoring record appear safe from Pete Maravich—not even his own.

The Louisiana State sharpshooter is closing in on the two-season, sophomore-junior scoring mark of 1,962 points set by Oscar Robertson in 1959-60 and the record two-year total of 2,095 by Elvin Hayes in 1967-68.

Maravich needs to average only in the mid-20s the rest of this season to shatter both marks.

The 6-foot-5 forward presently is averaging 46.1 points a game in statistics released today by the National Collegiate Sports Services. However, it dropped to 44.2 after he was held to 21 points by Tennessee Monday night.

That puts him in position to crack the single season record average of 43.8 he set last year when he scored 1,138 points. He already has 553 points in 12 games this season.

Cai Murphy, Niagara's 5-10 jumping jack who came along at the wrong time, still is a distant second with a 34.3 average after finishing last season as runner-up to Maravich with a 38.2 average, the fourth highest in history.

But both Maravich and Murphy must play second fiddle to Lew Alcindor, UCLA's overpowering 7-1 3/4 giant who is closing in on a milestone himself. Alcindor, averaging 26.6 points a game for ninth place, needs only 23 points to join the select 2,000-point career club.

Big Lew also closed in on the field goal percentage leader, Al Krobeth of The Citadel, hitting 65.2 per cent to Krobeth's 65.4.

Larry Ward of Centenary retained his free throw percentage lead at 94 per cent and Larry Lewis of St. Francis, Pa., held his narrow rebounding lead over

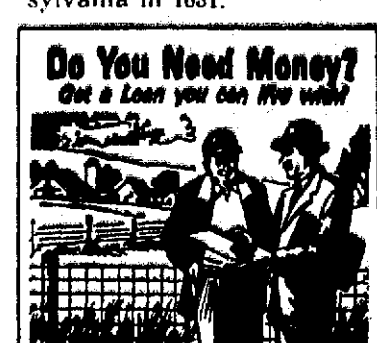

Detroit's Spender Haywood, 21.6 to 21.3.

## Still Playing

NEW HAVEN, Conn. — (NEA) — Gene Conley, former NBA and major league baseball player, still is playing pro basketball—but only on weekends.

He now plays for the New Haven team in the Eastern Pro League and spends much of his spare time "coaching" his 17-year-old son, who already stands 6-foot-4.

## Cook Rated Tops in the Pro Draft

By MIKE RATHET

Associated Press Sports Writer  
NEW YORK (AP) — Tapping a quarterback at the pro football draft very often turns out to be like buying an expensive piece of China—you wind up putting it on the shelf.

But the crop tapped this year, including top-rated Greg Cook of Cincinnati and two more Negro candidates, appears to have a far better chance of seeing action than the 1968 group.

Twenty quarterbacks were drafted last year, including highly touted Gary Beban, but

just four saw considerable action—Greg Landry at Detroit, Dewey Warren at Cincinnati, Dan Darragh at Buffalo and Marlin Briscoe at Denver.

But Cook and his cohorts drafted over the two days of the selection meeting that ended Wednesday after 21 hours and 15 minutes of drafting, appear to be in better shape to break in than their predecessors.

First, let's take a look at how the Top Ten were picked, with name, college, selecting team, round, and over-all number selected among the 442 players picked:

1. Greg Cook, Cincinnati, by Cincinnati, round 1, 5th player.

2. Marty Domres, Columbia, by San Diego, round 1, 9th player.

3. Terry Hanratty, Notre Dame, by Pittsburgh, round 2,

30th player.

4. Bob Douglass, Kansas, by Chicago, round 2, 41st player.

5. Al Woodall, Dule, by New York Jets, round 2, 52nd player.

6. Onree Jackson, Alabama A&M, by Boston, round 5, 110th player.

7. Jimmy Harris, Grambling, by Buffalo, round 8, 192nd player.

8. Sam Havrilak, Bucknell, by Baltimore, round 8, 207th player.

9. Larry Good, Georgia Tech, by Baltimore, round 9, 232nd player.

10. Sonny Wade, Emory & Henry, by Philadelphia, round 10, 236th player.

Of that group, Cook, Hanratty and the two Negro candidates, Jackson and Harris, seem to have the best opportunity to break through while Domres,

Douglass and Woodall stand somewhat as surprising selections.

Cook will be competing for the job with the Bengals against veteran John Stofa and two holdover rookies, Warren and Sam Wyche—none of whom were significantly impressive during Cincinnati's first season in the American Football League.

Hanratty, although he didn't go until the second round, would seem to have a shot at playing at Pittsburgh, where only Dick Siner and Kent Nix block the door. At the same time, the door also appears to be ajar for Jackson and Harris.

Jackson was rated as the second best college quarterback in the country by the Patriots, who last year were disappointed in the efforts of Mike Tallafiero

## HOPE (ARK) STAR, Printed by Offset

and Tom Sherman. Harris, who has been highly regarded during his Grambling career, will be up against somewhat stiffer competition in returning Jack Kemp, out last season with injuries; Darragh, and Kay Stephenson.

Briscoe became the first Negro in the history of pro football to play regularly when he took over at Denver last year because of injuries. But it is expected he will be shifted back to a defensive back spot this year since his greatest potential lies there.

There is one other Negro candidate on the scene, Eldridge Dickey of the Oakland Raiders, who was schooled at the position during the entire 1968 season but did not play. He is, however, ready to make his debut.

"Jackson could be the Willie

Mays of pro football," said Rommie Loudd, the Patriots' player personnel director. And Harvey Johnson, the Bills' top scout, was just as enthusiastic about Harris, who "has a great arm and can throw long and short."

Domres was a surprise because Ivy Leaguers have been snubbed in recent years. Douglass fit into that category because left-handers are frowned on. And Woodall stepped in to qualify because the Jets do have Joe Namath.

Besides Havrilak, Good and Wade—the other members of the Top Ten—the other quarterbacks selected before the draft wound up were Bob Naponic of Illinois by Houston, Alan Pastana of Maryland by Denver, Brian Dowling of Yale by Minnesota, Tim Carr of C.W.

## Nixon Asks Rockefeller to Head Group

WASHINGTON (AP) — New York Gov. Nelson A. Rockefeller, passed over for a place in the Nixon Cabinet, has been asked by his former presidential rival to head a fact-finding mission to Latin America.

The White House confirmed Tuesday night that Rockefeller

Post by Los Angeles, Ed Roseborough of Arizona State by St. Louis, Edd Hargett of Texas A&M by New Orleans, and Buster O'Brien of Richmond by Denver.

Thursday, January 30, 1969

had been contacted on the subject in recent days.

But news secretary Ronald L. Ziegler said no firm decision has been made yet on whether to even send such a mission.

Rockefeller, whose family has extensive interests in Latin America and worked on some of the area's problems in the administration of Franklin D. Roosevelt, said he was "seriously considering" the offer.

"We have budgetary difficulties and other problems in the state," Rockefeller said. "We must appraise the request and weigh my responsibility in the state."

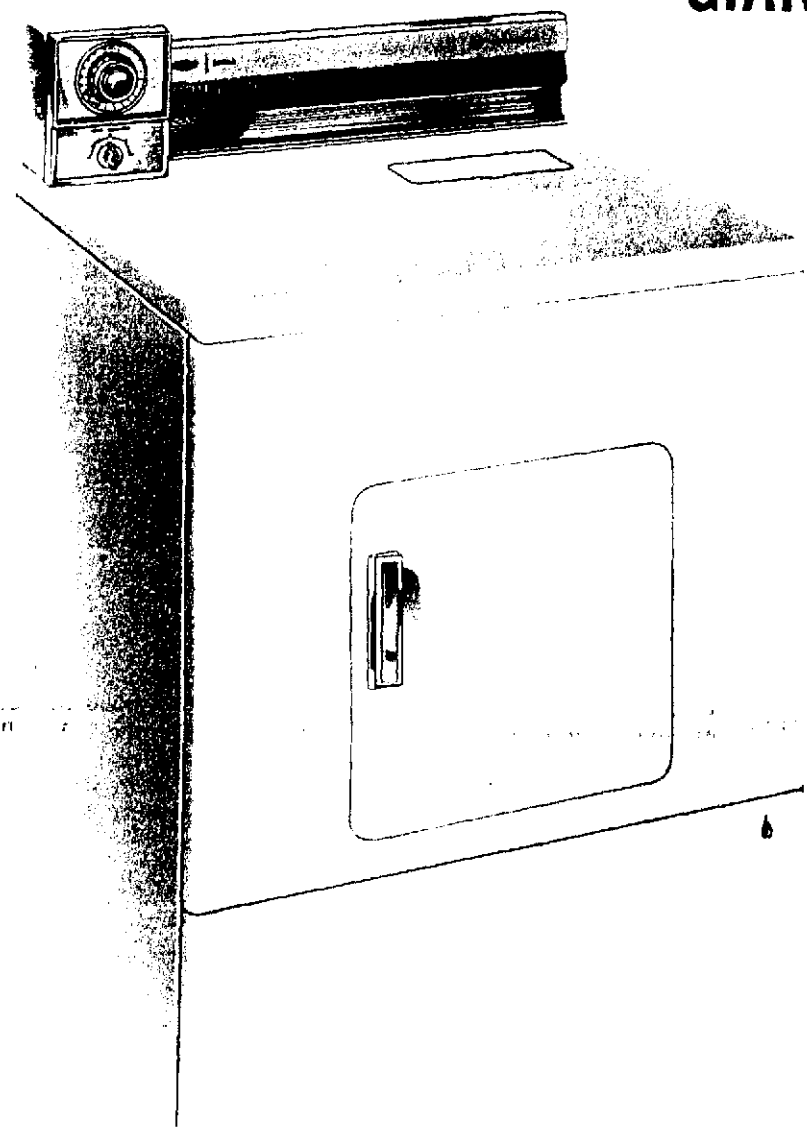

Diplomatic sources said Nixon had decided U.S. policy toward Latin America needed a "thorough re-examination" in the light of a trend toward military dictatorships.

Jake Winkman's pupils all manage to develop a reasonable amount of skill in dummy play. In today's hand we see Winkman as dummy.  
South's final bid of four spades did not meet with Professor Winkman's approval. As he points out, South bid four spades all by himself and there was no reason for South to think that he would be able to make it. Actually, North might have jumped to four spades after his partner's three-diamond bid but Winkman knows his pupils pretty well and was not going to fall into that trap.  
West opened the king of clubs and continued. South ruffed and played the ace and queen of spades. There was really no point in trying to get to dummy for a trump finesse. West's double had clearly located the king of trumps.  
West was in with the king and might have led a heart but West took the easy route of continuing clubs.  
South ruffed again and played his last trump in order to draw West's last one. East had been forced to discard twice and had played a diamond and his last spade.

## U.S. Planes Hit Enemy Supply Lines

By GEORGE ESPER  
Associated Press Writer  
SAIGON (AP) - From 15 to 30 American B52 bombers have been attacking Communist supply routes through Laos each day, and some of them have been hitting north of the 17th parallel, U.S. military sources said today.

The disclosure came shortly after the U.S. Command denied a charge by North Vietnam's foreign ministry that the huge eight-jet bombers had attacked "heavily populated" areas Sunday in North Vietnam's Quang Binh province, which is just north of the 17th parallel and just east of Laos.

The command said there had been no B52 raids on North Vietnam or the demilitarized zone astride the 17th parallel since last Oct. 28.

Although the U.S. government refuses to admit any military operations in Laos, it is common knowledge that the end of the bombing of North Vietnam on Nov. 1 was followed by a sharp increase in U.S. bombing of North Vietnamese supply traffic down the Ho Chi Minh Trail through Laos.

Reliable sources said the B52 strikes on eastern Laos have ranged as far as 30 miles north of the 17th parallel in efforts to smash the enemy supply columns as far away as possible. Some of these strikes are near the North Vietnamese border.

Otherwise, only minor action was reported today as South Vietnam marked the first anniversary of the Viet Cong's biggest offensive of the war.

The U.S. and South Vietnamese commands reported attacks from inside the demilitarized zone on a group of U.S. Marines and on a small observation plane, a terrorist attack inside Saigon and the usual scattered shelling during the night. Two Marines below the DMZ and two Vietnamese in Saigon were wounded.

## 'Witnesses' Denied U.S. Citizenship

SACRAMENTO, Calif. (AP) - Two women were denied citizenship by U.S. District Court Judge Thomas MacBride who said that "as Jehovah's Witnesses their religious beliefs show they are not attached to the principles of the constitution."

MacBride said he turned down the petitions of Renate Marie Louise Nikola, 25, and Haesoon Koon Matz, 35, since they say they would refuse to vote, serve on juries, support a U.S. war effort or otherwise participate in governmental activities.

Mrs. Matz, a native of Korea, has lived in the United States since 1956. Mrs. Nikola, a German native, came here in 1950.

## Memory Really Isn't Worst Kind of Way to Exercise Muscles

By HAL BOYLE  
NEW YORK (AP) - About the only exercise some people get is the exercise of their memory.

But it isn't a bad kind of exercise, when it isn't overdone. It may not build bulky muscles, but it does restore that keystone of health—the mind.

Memory also restores our self-confidence. For it tells us that if we have weathered the ordeals of yesterday, we probably also can survive the turmoils of today and even the terrors of tomorrow.

Feel like a little exercise right now? Well, put on your thinking cap and see if you can remember away back when—

The only way a man could retire fairly early in life was to have 10 strapping sons unafraid of work.

Ladies were supposed to swoon or grow faint when confronted by emergencies, so they carried a small bottle of smelling salts in their purses—just to revive them in case.

A pickup and trailer being backed into the street by Sam W. Hughes Sr., Texarkana, collided with another pickup driven by Otis Ware on North Hazel St. yesterday.

## Tax Reform Review Is Scheduled

By EDMOND LEBRETON  
Associated Press Writer  
WASHINGTON (AP) - The House Ways and Means Committee, responding to a mounting clamor for reform, has scheduled a sweeping review of the nation's tax laws.

Hearings expected to last several months are scheduled to start Feb. 18 with the operations of tax-exempt foundations, already under congressional scrutiny, to be examined first. Deductions for charitable gifts will follow.

For later hearings, the committee announced a wide-ranging agenda, embracing such traditionally explosive subjects as the oil depletion allowance, stock options for executives, the use of subsidiaries and trusts to reduce income and estate taxes, part-time farming losses charged off against other income and accelerated real estate depreciation.

The federal tax code has not been thoroughly restudied in 15 years.

Demands for tax reform have taken a bipartisan look. Two days ago the Democratic National Committee announced it is preparing legislation to provide a minimum income tax for all high income persons, even though legal deductions and exclusions would normally eliminate tax liability.

And in prepared remarks today in New York, Rep. John W. Byrnes of Wisconsin, top Republican on the Ways and Means Committee, added his support to

## Fears World May Strave

DACCA, Pakistan (AP) - President Mohammad Ayub Khan, a strong advocate of family planning, says "the world is heading to a situation where it may not be possible to feed the entire population."

Ayub spoke Tuesday before the opening session of an international family planning conference attended by 216 delegates from 30 countries.

Ayub, who has supported a family planning program in Pakistan despite opposition from conservative religious leaders, said developing countries were suffering most from harmful effects of population increase.

He said he went to Cuba in the hope of writing a book because, as a journalist, he was unhappy about the Cuban story being told to the American people. Instead he was finally placed aboard a France-bound Cuban ship, which he left at Saint John, N.B. He made a brief swing into the United States, then re-entered Canada and was detained in Montreal Jan. 17.

## Dirksen Silent About Data Telling of Soviet Invasion of Romania

By FRANK CORMIER  
Associated Press Writer  
WASHINGTON (AP) - A statement by Senate Republican Leader Everett M. Dirksen that he had received "military information" indicating a possible Soviet invasion of Romania has drawn blank looks from Nixon administration officials.

Dirksen, Wednesday revived a four-month-old report that the Soviets might inflict on Romania the same fate that befell Czechoslovakia last summer. He did so after being host to President Nixon at a Senate leadership luncheon which he earlier had described as an effort to "just steep ourselves in jollification."

Emerging from that session, Dirksen met reporters in the Senate press gallery and said he'd heard the United States had intelligence that the "Russian commander in chief" might soon "put Romania through the disciplinary wringer."

He said this possibility might delay the Nixon administration from seeking quick Senate ratification of the nuclear nonproliferation treaty, held up last fall because of the Czech invasion.

At the White House, press secretary Ronald Ziegler later said, "I am not aware of the basis of concern about Romania." Sources at the State Department also indicated they did not know what Dirksen was talking about.

Czechoslovakia was invaded Aug. 21 by Soviet and other Warsaw Pact forces to put down a political liberalizing trend by the Prague government.

Romania, too, has instituted some liberal reforms, particularly in making foreign policy decisions independent of the Moscow line.

Dirksen was asked if he had discussed the treaty or the rumors of possible Soviet intervention in Romania with Nixon. He said no.

Asked if he thought Nixon was aware of the situation as he described, he said, "I would think if there's any substance to it he would know about it."

Asked how Fidel Castro treats hijackers - earlier reports indicated he considered some of them, at least, a nuisance - Truitt replied:

"Since I'm not a hijacker it is difficult for me to say, but... I heard that hijackers were given very rough treatment indeed. Some, I was told by people of the Department of State Security, were imprisoned immediately."

"Others, I was told, were sent to work camps. The only personal experience I had was to witness at an immigration office a family that I was told had arrived in a hijacked plane. The old man was smoking cigars and the others were going through immigration procedures. Reorientation, I think they call it."

Are hijackers suspected as Central Intelligence Agency men and, when found not to be, are they sent to work in cane fields or similar tasks?

Truitt said Havana newspapers refer constantly to "the plots of the CIA which may or may not be natural."

"I'm not qualified to judge that, I read reports of a man who was captured as a CIA agent. However, I don't think he came in a plane but in a small boat."

Truitt said that though he was not in the hijacking category he was himself first held under house arrest in Havana after his arrival last Oct. 23. Then on Nov. 30 he went under solitary confinement in prison until his release late in January.

"I just confess I was terrified," said the brown-haired Truitt who despite his troubles seemed full of high spirits and confidence.

He said he went to Cuba in the hope of writing a book because, as a journalist, he was unhappy about the Cuban story being told to the American people. Instead he was finally placed aboard a France-bound Cuban ship, which he left at Saint John, N.B. He made a brief swing into the United States, then re-entered Canada and was detained in Montreal Jan. 17.

The Canadian Immigration Department denied Truitt's application for landed immigrant status Wednesday and ordered him deported. He is appealing the ruling and his detention. There was no immediate word on where he would be sent if the

CHANDLER, Ariz. (AP) - Television star Art Carney isn't interested in attending a sewage disposal plant dedication here.

Carney, who has played sewer worker Ed Norton on the Jackie Gleason Honeymooners show for 10 years, turned down the invitation from Mayor George Nader because he "wants to displace his association with the sewer man image," business manager William McCaffrey explained.

The mayor had even offered to engrave Carney's name on all the manhole covers in the city.

## Pueblo Trial Back Behind Closed Doors

By ROBERT M. BURNETT  
Associated Press Writer  
CORONADO, Calif. (AP) - The skipper of a sister ship to the USS Pueblo says he still believes in the concept of lightly armed intelligence craft but he wouldn't again want to take one near Red China or North Korea.

Cmdr. Charles R. Clark, who commanded the Banner, outlined to a Navy court of inquiry Wednesday a story that in some ways paralleled the experience of Cmdr. Lloyd Bucher and the Pueblo—except the Banner was not seized by North Koreans and its crew held captive for 11 months.

He did not disagree when Bucher's attorney prefaced a question by saying: "You more than any other man can say, 'There but for the grace of God go I' when you look at Pete Bucher."

Clark took the stand in open session—the first in four days—after Rear Adm. Frank L. Johnson, who supervised the Pueblo, said he had no forces under his direct command to provide emergency help when North Korean gunboats surrounded her a year ago and that planes and ships from other

## Glenwood Has 8.58 Inches Rain

Heavy rains blanketing Arkansas swelled streams, blocked roads and forced the evacuation of families at scattered points across the state today.

The U.S. Weather Bureau forecast called for more rain into tonight.

Rivers in North Arkansas and low-lying areas throughout the state were brimful after showers that lasted through most of Wednesday and Wednesday night.

Rain was reported continuing across most of the state today. Some factories closed. A half-dozen school districts also called off classes scheduled for today.

Glenwood was deluged with 8.58 inches of rain in the 24-hour period that ended at 6 a.m. today. Judsonia recorded 6.32 inches of rain, Little Rock 4.87, Newport 4.70, Benton 4.62, Morrilton 4.54, West Memphis 4.48, Black Rock 4.14 and Des Arc 4.06.

At Paragould, Civil Defense crews evacuated about 50 persons—15 to 20 families—from homes on the northwest section of the city. On the eastern flank of Paragould, workers

The presentation at USC's midwinter commencement cited Schirra's contributions to space research. He was graduated from USC's Institute of Aerospace Safety and Management in 1957.

The committee would review the income and expenditures of the various agencies, boards and commissions of the state, Brandon said.

The committee, according to Brandon, would not be empowered to stop expenditures if opposed but would be able to make recommendations to the legislature. It would serve as a "watchdog" committee on state spending, he said.

A resolution requesting the state Game and Fish Commission to reconsider its regulation prohibiting the running of dogs at certain times during the year and to permit the chasing of fox by dogs was introduced by Rep. John Lipton.

Other measures introduced in the House included:

—Two bills by Rep. Wroth Camp to authorize the investment of teacher retirement fund and other state retirement funds in bonds of the Inter-American Development Bank.

—A bill by Rep. Jimmie Don McKissack to establish a vocational-technical school in Desha County.

—A bill by Rep. John Miller to establish a vocational, technical school in Izard County.

## Israel Denies Any Attack on Jordan

By THE ASSOCIATED PRESS  
Israel has denied charges that it is massing troops for an attack on the 20,000 Iraqi soldiers stationed in Jordan, and Defense Minister Moshe Dayan cautioned his countrymen: "We must provide no excuse for the rulers of Iraq to further harm the surviving Jews."

"We must keep in mind the dancing mob in the marketplaces of Baghdad and Basra when we think about the fate of 2.5 million Jews surrounded by 100 million Arabs," Dayan spoke at a meeting of Israel's ruling United Labor party.

Iraq's information minister had charged that the Israelis were preparing to attack in retaliation for the public execution of 14 Iraqis convicted of spying for Israel. Nine of the 14 were Jews. The Israeli government denied that any of the defendants were its spies.

Along with the official denial from the Israeli army, foreign newsmen in Israel observed no unusual troop movements. In addition, rain and snow were blanketing Israel and Jordan, imposing quietness on the cease-fire line.

Dayan, one of Israel's leading hawks, also was scornful of President Charles de Gaulle's attempts to promote France as a peacemaker in the Middle East. Referring to De Gaulle's ban on arms and military spare parts to Israel, he asserted:

"All this talk of justice and peaceful aims coming from France is hypocrisy. It is being used to deny arms to a nation under siege, while Iraq continues to receive French arms."

Amid reports that another 35 persons, including 13 Jews, were being tried as spies in Baghdad, the U.S. Department of State disclosed that American oilman Paul Ball of Conneautville, Pa., and his wife are under arrest in Iraq on unspecified charges.

Ball is an engineer for Jersey Standard's Humble Oil Co.

EWA AULIN, as "Candy," seems unperturbed by the wild-eyed advances of Ringo Starr. Miss Aulin says there is little resemblance between her and the nymphet she plays in the movie. She wants to attend a university someday, marry and "have many children."

#### THOUGHT FOR THE DAY

It is my privilege to profit by the experience of others, but I must live my own life, face the trails and gain the victory alone. — Selected from Apples of Gold.

#### ENGAGEMENT ANNOUNCED

Mrs. Lilie Mae White Spellman announces the engagement and approaching marriage of her daughter Jo Ann Spellman to Morace D. Johnson, son of Mr. and Mrs. N.H. Johnson.

The marriage will take place at the home of Mr. and Mrs. Fletcher Sanders, 7-2 North Laurel Street, Sunday, February 2, 1969, at 3 O'clock p.m. No cards will be sent, and the public is invited to attend.

#### BIRTHDAY PARTY

Sylvia Denise Lawson was honored with a party on her 7th birthday Sunday, January 26, 1969, at the home of her parents, Mr. and Mrs. Sylvester Lawson.

Bubble gum was given as favors, and candy, punch, ice cream and cake were served to the following guests: Gloria Denise and Jackie Johnson, Sherry and Reginald Muldrew, Lavensky Smith, Cynthia Dennis, Janice, Annette, and Willie Jewel Benton, Ronald and Gerald Lawson, and "Mrs. Beasley." Denise received many beautiful gifts.

#### OBITUARY

Mr. Juite Stewart passed away in a Texarkana hospital Saturday, January 25, 1969.

Funeral service will be held at the Jones Funeral Home Chapel, Texarkana, Saturday, February 1st, at 2:00 p.m., under the direction of Jones Funeral Home. Burial will be in Swan Lake Cemetery, Mandeville, Arkansas.

Messages may be sent to his daughter, Mrs. Nealie Bell Lytle, 821 Couch Street, Texarkana, Arkansas.

#### COMING AND GOING

Mr. and Mrs. George Evans and daughters, Danna and Cassandra Evans, and Miss Shirley Ann Flenory of Little Rock, Arkansas were guests of their grandparents, Mr. and Mrs. Frank Flenory Sunday, January 26, 1969.

Mrs. Della Elliott, Sharon, and Mrs. Goldie Elliott have returned home after spending three weeks in Phoenix, Arizona with Mr. and Mrs. James C. Elliott,

and Mr. and Mrs. Sylvester Mosby. United States Air Force Staff Sergeant Archie B. Elliott joined his family in Phoenix after serving twelve months of duty in the Republic of Viet Nam. The Elliotts motored to Los Angeles, California to visit with another member of the family, Mr. and Mrs. Clarence Elliott and sons. They also visited other relatives and friends living in Compton, California. Staff Sergeant Elliott and family will leave the states February 12 for Arlonia Air Force Base, Maryland where they will make their home for the next three years. This will be Sergeant Elliott's fifth tour of duty over seas.

### Don't Have Applications From Negroes

FORT SMITH, Ark. (AP) — State Police Director Ralph Scott, in answer to criticism, said Tuesday the lack of Negro State Troopers is not because of any unwillingness of the agency to hire them.

He said the agency does not get many applications from Negroes. "I firmly believe the Negro community might not look with favor upon a Negro filling an application," Scott said. "There is also an understandable reluctance for a Negro to file an application because of possible prejudice within the department."

Alfred B. Lewis, national treasurer for the National Association of Colored People, said at Fort Smith Monday that more Negroes should be named to the Arkansas State Police in an effort to build respect for law and order.

Scott said there was only one Negro State Trooper.

### Romney Won't Be Forgotten

LANSING, Mich. (AP) — Though he's gone, ex-Gov. George Romney will not be forgotten... at least until a big supply of official stationery decorated with his name is used up.

Gov. William Milliken, who took the job when Romney moved to Washington to become secretary of Housing and Urban Development, has ordered the stationery used in an effort to "reduce the cost of government without sacrificing essential services."

# what do you think of a super market's own brands?

You know they cost less, but you don't think they're as good as the nationally famous brands?

Well, we can't speak for all super market brands, but we can tell you there is one that's as good as the nationally famous brands. Yes, that's right...the A&P Brand.

Prove it, you say.

All right, take our A&P Frozen Vegetables in Butter Sauce.

They're prepared only from Grade "A" vegetables, the best...you can't use better.

The butter sauce is made from 93 score butter.

And you can't buy a higher score butter.

Quality like this is typical of every product that bears the A&P Seal.

You see, A&P Brand products have everything the nationally famous brands have...except the higher price.

Since the A&P Brand can be bought only at A&P, shouldn't A&P be your store?
